***Mr. Dean Klopp*** a Christian, husband to his wife April for 29 years, father of 2 sons, successful business owner of Proac Corp for 24 years, he is a volunteer, serves on several boards including PA Liberty Alliance and Christian Missionary Tech Services. He coached several sports for 12 years and he is a Republican, Local and State Committeeman. He loves Jesus, his family, his country, Donald Trump, Liberty, and Freedom. He has studied our Founding Fathers, Constitution and gravitates ideologically toward Thomas Jefferson, Andrew Jackson and Ron Paul. He wants to change politics as usual in Pennsylvania so he engaged with the GOP, co-founded the 501(c)4 PA Liberty Alliance and last year PLA started a Political Action Committee to legally electioneer and target legislators who will not comply with the will of the people. PLA has partnered with the grassroots to elect conservatives, pass good legislation, block anti-liberty legislation and promote activist trainings statewide. Dean finds it difficult if not impossible to compromise as he has seen our rights diminished over the decades.

***Dr. David Marx*** is married and lives with his wife Elaine in Mechanicsburg, PA. Together they have 5 children and 9 grandchildren. David was born in Rwanda. His parents were missionaries in Central, East and Southern Africa before the family immigrated to the United States and were naturalized as citizens in 1971. David and Elaine love to travel and have a passion for visiting the lands of the Middle East especially. They love seeing and experiencing what God is doing in bringing the family of Abraham together again. God is drawing many people to Himself out of Islam and Judaism. After graduating in 1980 with a bachelor's degree in Theology from Southern University in Tennessee and then attended Medical School at Oral Roberts University in Tulsa Oklahoma. Dr. Marx studied Family Medicine in Toledo, Ohio completing a that residency before moving to Geisinger Medical Center in Danville to complete a second residency in Emergency Medicine. Dr. Marx has worked in Emergency Medicine for 28 years, working at a variety of hospitals including busy community hospital in Chambersburg, to level 2 trauma center in Scranton, Altoona, and Camp Hill and most recently at a small critical access hospital in Fulton County. Dr. Marx worked on the frontline of medicine in the COVID pandemic from the very early days. It was during this past year that he made a complete paradigm change to prioritize early treatment using Ivermectin, Hydroxychloroquine and many vitamins and minerals to boost natural immunity. It was this decision brought conflict with the institutional powers of medicine and his story today.
