

Dear Free PA Family,

Safeguarding our freedoms calls us to action! The assaults are fast and furious. These are a few reminders and other key items that have just arisen:

1. Just a reminder... Joe Biden has nominated Nancy Abudu, a far-left activist, to be a federal appellate judge. The Senate must reject this radical and dangerous nomination!  
On January 10, 2022, Biden formally nominated Abudu to serve as a federal judge on the United States Court of Appeals for the Eleventh Circuit. This appeals court covers the states of Alabama, Georgia, and Florida, and besides the Supreme Court, it has the final say in federal litigation. **This is a key judicial position.**  
**Abudu has a history of leftist activism that makes her stand out, even among the other liberal ideologues Biden has appointed to the judiciary.** From 2005 to 2019, she worked for the leftist American Civil Liberties Union, first serving in the organization's "Voting Rights Project" and then becoming the legal director of its Florida chapter.  
In 2019, Abudu joined the far-left extremist Southern Poverty Law Center (SPLC), right as the organization was imploding due to a leadership misconduct scandal, as its director for strategic litigation.  
According to Abudu, her duties included "overseeing all of the organization's legal programmatic work which, in addition to voting rights, includes immigrants' rights, criminal justice reform, children's rights, LGBTQ rights, and special litigation related to hate groups." **In other words — euphemistic terminology aside — Abudu had a key role in advancing the SPLC's extremist agenda.**  
**PLEASE CONTACT YOUR SENATORS AND ASK THEM TO OPPOSE ABUDU!**
2. Members of Congress are seeking to enact H.R. 6415 and S. 3954. These bills would prevent the Federal Reserve from issuing a digital currency, which would decimate personal privacy and implement a full-fledged surveillance state.

***On March 9, 2022, President Joe Biden signed an executive order that, among other actions, instructed the federal government and the Federal Reserve to explore the creation of a U.S. Central Bank Digital Currency (CBDC), and to draft a "legislative proposal" for Congress to enact.***

***A CBDC would amount to a major expansion of the federal government's powers, allowing it to restrict our personal freedoms and implement its leftist agenda with no opposition. A digital currency would be centrally controlled by the Federal Reserve, allowing it to oversee all our transactions and thus obliterating privacy and anonymity. Additionally, the Federal Reserve would be able to set the rules for a digital currency — it could prevent Americans from using it for transactions that the Fed's leaders and other globalist elites dislike.***

**PLEASE CONTACT YOUR REPS ON THESE BILLS; SUPPORT THESE MEASURES & EDUCATE OUR LEGISLATORS ON THE DANGERS OF DIGITAL CURRENCY!**

3. The Pennsylvania Human Relations Commission (PHRC), an unelected group of nine commissioners appointed by the governor, is proposing to circumvent state law and the legislative process to advance Gov. Tom Wolf's harmful agenda that puts your religious freedom and bodily privacy at risk.

This new threat is the PHRC's proposed policy changes to the definition of sex, proposing a broad definition that would include special classes like "sex assigned at birth," "sexual orientation," and "gender identity/expression."

**These proposed regulations would effectively permit lawsuits against a host of Pennsylvania citizens who are simply exercising their religious freedom** and seeking to recognize rights to bodily privacy. They may punish religious employers or wedding vendors, force women to compete against men, force doctors to violate their conscience, and remove single sex spaces for women like women's shelters, dorms, or locker rooms.

**We have until May 9th to respond:** The PHRC has a short period for public comment before they submit the new regulations for a vote of approval. You can share your strong concerns with these new harmful regulation changes through Monday, May 9th. Please join us by using our [action alert](#) to submit comments ahead of this deadline.

Thank you for taking action for Freedom, Faith and Country,  
Anne Marie, Lancaster Chapter Lead
