

## **March 10<sup>th</sup> NOTES & CALLS TO ACTION**

[Free PA Lancaster County Chapter](#)

**Dear Friends & Fellow Patriots,**

Many thanks to all who attended our meeting and a hearty welcome to all the new members of Free PA. Special thanks to Dr. Donna Ott who spoke at our meeting on the dangers of 5G technology. Her research and insights are greatly appreciated. A special thanks to Rich Myers for leading a team to fight against the rollout of 5G towers in our community.

### **SUMMARY OF EVENTS/CALLS TO ACTION:**

#### **General Chapter Business:**

- In conjunction with a national effort begun in cooperation with Dr. David Martin and the Constitutional Law Group, indictments against Fauci, Daszak, pharmaceutical companies and others were filed with every state attorney prosecutor and 300 county prosecutors throughout the nation, including Heather Adams here in Lancaster County. In addition, the prosecutor was given a 250-page dossier exposing the crimes committed against citizens in the county as a result of denial of early treatment, murderous hospital protocols, the violation of patient's rights, including the right to try. After receiving no indication that the office seeks to proceed with an investigation, we have delivered a legal notice that we will seek punitive damages against the bonds of the prosecutors as they failed to do their duty and investigate. We will keep you updated on this continuing effort.
- The construction of the site was delayed about a week, and we are hoping our new website will be ready by the third week of March. We are excited about it and cannot wait to share!
- Free PA will be attending the Remember America Event, sponsored by Dayspring Academy. They are anxious to partner with us and, as such, will be speaking at our

chapter meeting on March 24<sup>th</sup>. This year's Event will be held at the Marriott Convention Center on Saturday April 23, 2022, and the keynote speaker will be Charlie Kirk. The event begins at 6:00pm. You may purchase tickets to the event at the meeting on 3/24. Free PA will have a table in the lobby of the event to reach out to our Lancaster community and extend an invite to join us at our meetings and in our mission.

## **Education & School Boards:**

Free PA has a new school board coordinator, Dina Agadis. She will be reaching out to all district leads to begin to build a network of communication and action.

There is an upcoming event that all are invited to attend:

**Parental Rights in Education**  
**A free workshop as part of the PA Leadership Conference**  
**Friday, April 1**  
**9:00am - 10:00am**  
**Penn Harris Hotel, Camp Hill**

## **State Matters:**

We are gearing up for the coming elections! We need your help! A google document will be sent out separately soon. Please complete the information so that we can reach out to you for election help in your district. The only way to win back our local government is to band together with boots on the ground to elect people who actually represent us. Additionally, please contact your local GOP council lead and ask to be appointed to an open GOP seat if it exists in your precinct. There are 185 open seats throughout the county. These committee members are tasked with choosing which candidates the party eventually endorses. We must control the majority of these seats to kick the RINOs out.

The March 4<sup>th</sup> hearing at the Capitol, hosted by Senator Mastriano was sparsely attended. Five house reps were in attendance including, Dave Zimmerman and Dawn Keefer, but no other Senators participated. Those who testified included: Attorney Thomas Rentz, Steve Kirsch, Dr. Brian Ardis and Dr. Peter McCullough. Not only did these men present solid statistical information regarding the potential harm caused by the vaccines, but evidence of corruption in health agencies throughout the entire pandemic including: falsified cases, suppression of early treatment and information, willful manipulation of data and conflicts of interest.

**CALL TO ACTION:** PLEASE print the attached letter and address it to the representative in your district. Let them know that you are appalled that they chose not to attend the March 4<sup>th</sup> hearing and urge them to reconvene another and call for a transparent investigation of all facets of the pandemic response.

Free PA is also asking you to support HB2013: **Right to Medical Freedom Bill.** The petition states: *The right of an individual to refuse any medical procedure, treatment, injection, vaccine, or prophylactic may not be questioned or interfered with in any manner. Equality of rights under the law shall not be denied or abridged to any person!*

**CALL TO ACTION: SIGN THE PETITION HERE**

## National Matters:

1. The US Senate failed to pass the Women's Health Protection Act. Praise God!
2. Sens. Bill Hagerty (R-TN) and Josh Hawley (R-MO) have [introduced](#) the American Energy Independence Act of 2022. In a joint statement, they said the bill's purpose is to reverse Joe Biden's "shutdown of the American energy sector" and allow domestic energy production to return to the total capacity.
3. The U.S. Senate on March 3 approved a measure that would end the national emergency over COVID-19. The resolution passed 48–47 on a party-line vote. All Republicans voted for S.J.Res. 38, which would end the national emergency declared by President Donald Trump on March 13, 2020. All Democrats voted against the declaration, which has been extended twice by President Joe Biden.  
**CALL TO ACTION:** Contact your Senator and ask them to support this measure!
4. Democrats and Republicans in Congress have teamed up to push a radical-leftist \$1.5 trillion "omnibus" spending bill — accelerating the federal government's reckless spending while implementing multiple far-left Marxist policies.  
On Tuesday, March 8, negotiators of both parties [announced](#) a "bipartisan" agreement on the [Consolidated Appropriations Act, 2022](#), numbered H.R. 2471. This [2,741-page](#) bill spends a total of \$1.5 trillion on various government programs this year. On Wednesday, March 9, the House passed H.R. 2471. The bill was voted on in two pieces, something chosen by establishment leadership to ensure it passed: the provisions related to the military and homeland security passed by a [361-69 vote](#), while the domestic spending provisions passed by a [260-171 vote](#). H.R. 2471 now goes to the Senate for consideration; a vote will most likely occur between Friday evening and Sunday.  
**CALL TO ACTION:** Contact your Senator and ask them to support this measure!
5. **NOMINEE TO SUPREME COURT:** The Biden administration has been very predictable in appointing the most radical, Marxist, leftists to all levels of government. Frontrunner to the Supreme Court Judge **Ketanji Brown Jackson** has been officially named as the nominee. Jackson was an active and dedicated advocate for terror suspects housed at Guantanamo Bay, contrary to press accounts and her own representation. Her advocacy was zealous and often resembled ideological cause lawyering, even in her capacity as a public defender. At times, she flirted with unsubstantiated left-wing theories that were debunked by government investigators. On other occasions, she accused Justice Department lawyers of egregious misconduct with little evidence
6. **NOMINEES FOR FEDERAL RESERVE:** Oppose the Biden nominees who will work to destroy our fossil fuel industry and impose an ESG system using Federal monetary policy. They include Sarah Bloom-Raskin, Lisa Cook & Philip Jefferson.  
**ACTION: CONTACT YOUR SENATORS!**

## Covid Updates:

1. **Trucker Update:** [According](#) to *The Washington Post*, the convoy organizers said they circled the Beltway — a 64-mile interstate highway surrounding Washington, D.C., and its inner suburbs in Maryland and Virginia — twice on Sunday, causing a traffic standstill by 3 p.m. EST.
2. Medicare/Medicaid waivers have been passed under the cover of Covid emergency measures! The document, which violates many of the basic safeguards and rights of patients, was issued by the CMS. Discussion has already begun with legislators as to what type of bills are needed to reverse these measures and make sure this doesn't happen again. Some of the methods listed in the summary attachment are truly horrifying and explain exactly how and why malfeasance is permitted in the medical community. [See attached document.](#)  
As a result, these blanket waivers are in effect, with a retroactive effective date of March 1, 2020, through the end of the emergency declaration.  
**CALL TO ACTION: SIGN THE PETITION FOR MEDICAL FREEDOM ABOVE**
3. Please attend the following event sponsored by Lions for Liberty  
**Fixing Broken Trust and Greed in Medicine: A Public Hearing in Pennsylvania: Monday, 3/28 at 11:00 am, 401 N. Street Harrisburg**

## 5G Presentation Take Away:

Dr. Donna Ott presented a keen overview of the potential dangers of high exposure to 5G radiation. There have been over 2,300 studies showing over 117 adverse effects from exposure, yet the 5G roll out continues with little or no opposition from lawmakers. PA Act 50 of 2021 has allowed for the installation of numerous 5G antennas within close proximity of homes.

Rich Myers gave a Power Point presentation explaining how the Chairs of the House Consumer Affairs and Senate Communications & Technology Committees blocked public participation at 5G public hearings spanning a 4-year period in violation of state law - Pa. C65 C.S.A, commonly known as the "Sunshine Act". The result was the majority of General Assembly lawmakers were deprived of vital information from expert witnesses about the health hazards of 5G pulse-modulated radiofrequency/microwave radiation which was essential for lawmakers to make an informed vote on Act 50.

### **CALL TO ACTION: VOLUNTEERS NEEDED**

Folks who can volunteer to educate their neighbors and work to persuade Township officials in any of the 41 Townships of Lancaster County are encouraged to contact Rich. Please use this email address: [LancTwp2020@protonmail.com](mailto:LancTwp2020@protonmail.com) and enter "5G Volunteer" in the subject line

[Attached to this email are a select series of slides that provide an overview of the issues.](#)

## **Upcoming Meetings:**

Our next Free PA meeting will be Thursday, March 24th at Loxley's/Heritage Hotel at 500 Centerville Rd., Lancaster. Our guest speakers will be representatives from Dayspring Academy & the Remember America Series. Tickets will be available to the once-a-year event! Dayspring Academy will also share their vision and how we can help one another to recapture our community and our nation through education!

We will also continue our video series on vaccines and the history that leads to our current crisis. You don't want to miss a minute of this series and our discussions are always informative and result in concrete action. Please join us.

Thank you, members of Free PA, for continuing to support our mission and fight for our freedoms!

**With best regards,**  
**Anne Marie DiCarlo**  
**Lancaster Chapter Leader**
