To get a doctor:

[How Do I Get HCQ? - America's Frontline Doctors](#) - NOT SURE HOW SUCCESSFUL YOU WILL BE GETTING A HOLD OF A DOCTOR, BUT IT WOULD NOT HURT TO TRY.

Some people get through very easily, others not. Just try. Payment for appointment is required up front, so maybe that is why some people do not get a response. You must pay to set up an appointment. Your request probably goes through once you pay. And it says onsite that they call back the sick first before others, so there can be a wait. Most people have told me they got a call within 2-3 days. And they give a contact number to call if you do not get a response. I have not been able to use them because of cost and since I was able to use overseas pharmacies to order protocol treatments I did that instead. If sick, I will call for advice for treatment if I need to and if I can afford to.

#### **DOCTORS AND PHARMACIES: WITH AND WITHOUT PRESCRIPTION**

[\*List of Doctors that will prescribe Ivermectin or Budesonide\*](#)

## List of Pharmacies that will fill Ivermectin or Budesonide

### **TWO PHARMACIES I USED OVERSEAS**

I used these next two overseas pharmacies. NO PRESCRIPTION REQUIRED. CHEAPER PRICES. YOU CAN LEAVE THE PRESCRIBING DOCTOR BOX EMPTY. All the overseas pharmacies require echeck, money order, or digital currency like bitcoin, etc. No credit/debit cards.

<https://www.reliablerxpharmacy.com>

My order was cheaper here than on the Canadian pharmacies I researched. It arrived within a week. Location is India where most of the meds are made anyway. Excellent service. There is an \$18 shipping fee, so order everything you want on the same order. They are cheaper in prices so you save there instead of on the shipping. This site updates you regularly on tracking and shipment. Has customer service phone number that works.

<https://www.inhousepharmacy.vu> - Good service also but they took three weeks. And you do not get the notices you get with Reliable Rx. They do have free shipping on any size order, but they are a little more expensive. Not overly so though. This is based out of an Island off Australia and therefore may not have Ivermectin anymore since they banned it. The selection is not as big as on Reliable Rx Pharmacy. Has customer service phone number that works. I know other people who use this one. That is how I found out about it. They may still carry Ivermectin if they are allowed to mail it out. The ban might just apply to Australia only.
